Online Mentoring Platform

In conjunction with these programs, we are working to launch an online platform to manage our mentoring program. This platform will be a hub for mentees to connect with mentors, track progress, and access program resources.

- Platform Features:
 - Mentor Matching
 - Resource Library
 - Goal Tracking
 - Communication Portal
 - Progress Reports

Building on the momentum from this event, we are excited to announce the development of our Mentorship Portal, designed to further HFDR's mission of empowerment. This platform will connect mentors and mentees, provide resources, and track progress in real time, enhancing the impact of our mentorship, leadership, and academic success programs. We're currently in the design phase and look forward to sharing updates with you as we bring this vision to life.
